To be eco-friendly, we highly recommend you to save the print-out.

Respirator

F1 F2 F3 F7 F8 Series

To be eco-friendly, we highly recommend you to save the print-out.

F1 series

F110V

- N95 Respirator with valve, with plastic holder
- V-Fold mask
- American standard, NIOSH certificate
- Low breathing resistant
- Long duration
- Highly efficient filtering media
- Packing: 10pcs/box, 200pcs/ctn, 6.0kgs(net)/2.82'

F2 series

F213

- EN149:2001+A1:2009 FFP1 Respirator
- EN149:2001+A1:2009 standard, CE certificate
- Low breathing resistant
- Long duration
- Highly efficient filtering media
- Heavy-duty head straps, the adjustable nose clip and the soft foam nose piece for comfortable custom fit
- Packing: 20pcs/box, 400pcs/ctn, 7.0kgs(net)/3.40'

To be eco-friendly, we highly recommend you to save the print-out.

F213V

- EN149:2001+A1:2009 FFP1 Respirator with valve
- EN149:2001+A1:2009 standard, CE certificate
- Low breathing resistant
- Long duration
- Highly efficient filtering media
- Exhalation valve reduces hot air build up and easy breath in hot/humid environments
- Heavy-duty head straps, the adjustable nose clip and the soft foam nose piece for comfortable custom fit
- Packing: 10pcs/box, 200pcs/ctn, 5.5kgs(net)/3.20'

F213C

- EN149:2001+A1:2009 FFP1 Respirator with Charcoal
- EN149:2001+A1:2009 standard, CE certificate
- Low breathing resistant
- Long duration
- Highly efficient filtering media
- Covered with active carbon pre-filter against nuisance organic vapors
- Heavy-duty head straps, the adjustable nose clip and the soft foam nose piece for comfortable custom fit
- Packing: 20pcs/box, 400pcs/ctn, 8.0kgs(net)/3.40'

To be eco-friendly, we highly recommend you to save the print-out.

F213CV

- EN149:2001+A1:2009 FFP1 Respirator with Charcoal and Valve
- EN149:2001+A1:2009 standard, CE certificate
- Low breathing resistant
- Long duration
- Highly efficient filtering media
- Covered with active carbon pre-filter against nuisance organic vapors
- Exhalation valve reduces hot air build up and easy breath in hot/humid environments
- Heavy-duty head straps, the adjustable nose clip and the soft foam nose piece for comfortable custom fit
- Packing: 10pcs/box, 200pcs/ctn, 6.5kgs(net)/3.20'

F223

- EN149:2001+A1:2009 FFP2 Respirator
- EN149:2001+A1:2009 standard, CE certificate
- Low breathing resistant
- Long duration
- Highly efficient filtering media
- Heavy-duty head straps, the adjustable nose clip and the soft foam nose piece for comfortable custom fit
- Packing: 20pcs/box, 400pcs/ctn, 7.5kgs(net)/3.40'

To be eco-friendly, we highly recommend you to save the print-out.

F223V

- EN149:2001+A1:2009 FFP2 Respirator with Valve
- EN149:2001+A1:2009 standard, CE certificate
- Low breathing resistant
- Long duration
- Highly efficient filtering media
- Exhalation valve reduces hot air build up and easy breath in hot/humid environments
- Heavy-duty head straps, the adjustable nose clip and the soft foam nose piece for comfortable custom fit
- Packing: 10pcs/box, 200pcs/ctn, 6.0kgs(net)/3.20'

F3 series

F313V

- EN149:2001+A1:2009 FFP1 Respirator with valve
- EN149:2001+A1:2009 standard, CE certificate
- Low breathing resistant
- Long duration
- Highly efficient filtering media
- Exhalation valve reduces hot air build up and easy breath in hot/humid environments
- Packing: 10pcs/box, 200pcs/ctn, 6.0kgs(net)/3.40'

To be eco-friendly, we highly recommend you to save the print-out.

F323

- EN149:2001+A1:2009 FFP2 Respirator
- EN149:2001+A1:2009 standard, CE certificate
- Low breathing resistant
- Long duration
- Highly efficient filtering media
- Packing: 20pcs/box, 400pcs/ctn, 8.5kgs(net)/4.30'

F323V

- EN149:2001+A1:2009 FFP2 Respirator plus with Valve
- EN149:2001+A1:2009 standard, CE certificate
- Low breathing resistant
- Long duration
- Highly efficient filtering media
- Exhalation valve reduces hot air build up and easy breath in hot/humid environments
- Packing: 10pcs/box, 200pcs/ctn, 6.5kgs(net)/3.40'

To be eco-friendly, we highly recommend you to save the print-out.

F333

- EN149:2001+A1:2009 FFP3 Respirator
- EN149:2001+A1:2009 standard, CE certificate
- Low breathing resistant
- Long duration
- Highly efficient filtering media
- Packing: 20pcs/box, 400pcs/ctn, 8.5kgs(net)/4.30'

F333V

- EN149:2001+A1:2009 FFP3 Respirator with Valve
- EN149:2001+A1:2009 standard, CE certificate
- Low breathing resistant
- Long duration
- Highly efficient filtering media
- Exhalation valve reduces hot air build up and easy breath in hot/humid environments
- Packing: 10pcs/box, 200pcs/ctn, 9.0kgs(net)/5.35'

To be eco-friendly, we highly recommend you to save the print-out.

F7 series

F710

- N95 Respirator
- American standard, NIOSH certificate
- Low breathing resistant
- Long duration
- Highly efficient filtering media
- Heavy-duty head straps, the adjustable nose clip and the soft foam nose piece for comfortable custom fit
- Packing: 20pcs/box, 400pcs/ctn, 7.0kgs(net)/3.40'

F710V

- N95 Respirator
- American standard, NIOSH certificate
- Low breathing resistant
- Long duration
- Highly efficient filtering media
- Exhalation valve reduces hot air build up and easy breath in hot/humid environments
- Heavy-duty head straps, the adjustable nose clip and the soft foam nose piece for comfortable custom fit
- Packing: 10pcs/box, 200pcs/ctn, 6.0kgs(net)/3.40'

To be eco-friendly, we highly recommend you to save the print-out.

F710C

- N95 Respirator with Charcoal
- American standard, NIOSH certificate
- Low breathing resistant
- Long duration
- Highly efficient filtering media
- Covered with active carbon pre-filter against nuisance organic vapors
- Heavy-duty head straps, the adjustable nose clip and the soft foam nose piece for comfortable custom fit
- Packing: 20pcs/box, 400pcs/ctn, 8.0kgs(net)/3.40'

F710CV

- N95 Respirator with Charcoal and Valve
- American standard, NIOSH certificate
- Low breathing resistant
- Long duration
- Highly efficient filtering media
- Covered with active carbon pre-filter against nuisance organic vapors
- Exhalation valve reduces hot air build up and easy breath in hot/humid environments
- Heavy-duty head straps, the adjustable nose clip and the soft foam nose piece for comfortable custom fit
- Packing: 10pcs/box, 200pcs/ctn, 6.5kgs(net)/3.40'

To be eco-friendly, we highly recommend you to save the print-out.

F8 series

F810

- EN149:2001+A1:2009 FFP1 Respirator
- EN149:2001+A1:2009 standard, CE certificate
- Low breathing resistant
- Long duration
- Highly efficient filtering media
- Plastic mesh cover to keep the shape stability
- Packing: 20pcs/box, 200pcs/ctn, 4.5kgs(net)/2.22'

CE

F810V

- EN149:2001+A1:2009 FFP1 Respirator with Valve
- EN149:2001+A1:2009 standard, CE certificate
- Low breathing resistant
- Long duration
- Highly efficient filtering media
- Exhalation valve reduces hot air build up and easy breath in hot/humid environments
- Plastic mesh cover to keep the shape stability
- Packing: 10pcs/box, 200pcs/ctn, 7.0kgs(net)/3.40'

CE

To be eco-friendly, we highly recommend you to save the print-out.

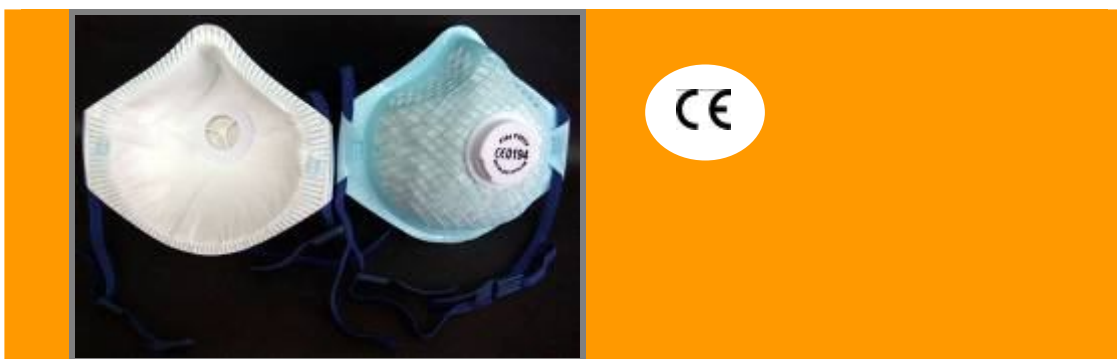

F820

- EN149:2001+A1:2009 FFP2 Respirator
- EN149:2001+A1:2009 standard, CE certificate
- Low breathing resistant
- Long duration
- Highly efficient filtering media
- Plastic mesh cover to keep the shape stability
- Packing: 20pcs/box, 200pcs/ctn, 5.0kgs(net)/2.22'

F820V

- EN149:2001+A1:2009 FFP2 Respirator with Valve
- EN149:2001+A1:2009 standard, CE certificate
- Low breathing resistant
- Long duration
- Highly efficient filtering media
- Exhalation valve reduces hot air build up and easy breath in hot/humid environments
- Plastic mesh cover to keep the shape stability
- Packing: 10pcs/box, 200pcs/ctn, 7.0kgs(net)/3.40'

To be eco-friendly, we highly recommend you to save the print-out.

F820C

- EN149:2001+A1:2009 FFP2 Respirator with Charcoal
- EN149:2001+A1:2009 standard, CE certificate
- Low breathing resistant
- Long duration
- Highly efficient filtering media
- Covered with active carbon pre-filter against nuisance organic vapors
- Plastic mesh cover to keep the shape stability
- Packing: 20pcs/box, 200pcs/ctn, 5.5kgs(net)/2.22'

F820CV

- EN149:2001+A1:2009 FFP2 Respirator with Charcoal and Valve
- EN149:2001+A1:2009 standard, CE certificate
- Low breathing resistant
- Long duration
- Highly efficient filtering media
- Covered with active carbon pre-filter against nuisance organic vapors
- Exhalation valve reduces hot air build up and easy breath in hot/humid environments
- Plastic mesh cover to keep the shape stability
- Packing: 5pcs/box, 100pcs/ctn, 5.0kgs(net)/2.61'

F830V

- EN149:2001+A1:2009 FFP3 Respirator with Charcoal and Valve
- EN149:2001+A1:2009 standard, CE certificate
- Low breathing resistant
- Long duration
- Highly efficient filtering media
- Exhalation valve reduces hot air build up and easy breath in hot/humid environments
- Plastic mesh cover to keep the shape stability
- Packing: 5pcs/box, 100pcs/ctn, 5.0kgs(net)/2.61'

F810 I

Filter re-changeable

- N95 Respirator with Valve
- American standard, NIOSH certificate
- Low breathing resistant
- Long duration
- Highly efficient filtering media
- Exhalation valve reduces hot air build up and easy breath in hot/humid environments
- Plastic mesh cover to keep the shape stability
- Packing: 10pcs/box, 200pcs/ctn, 9.5kgs(net)/4.72'

To be eco-friendly, we highly recommend you to save the print-out.

Filter re-changeable

F810 CI

- N95 Respirator with Charcoal and Valve
- American standard, NIOSH certificate
- Low breathing resistant
- Long duration
- Highly efficient filtering media
- Covered with active carbon pre-filter against nuisance organic vapors
- Exhalation valve reduces hot air build up and easy breath in hot/humid environments
- Plastic mesh cover to keep the shape stability
- Packing: 10pcs/box, 200pcs/ctn, 10.0kgs(net)/4.72'

Filter re-changeable

F810 I

- EN1827:1999+A1:2009 FFP2 Respirator with Valve
- EN1827:1999+A1:2009 standard, CE certificate
- Low breathing resistant
- Long duration
- Highly efficient filtering media
- Exhalation valve reduces hot air build up and easy breath in hot/humid environments
- Plastic mesh cover to keep the shape stability
- Packing: 10pcs/box, 200pcs/ctn, 9.5kgs(net)/4.72'

To be eco-friendly, we highly recommend you to save the print-out.
